

Holiday Folk Fair Exhibit

Presented by

Milwaukee Bonsai Society

November 17-19, 2017

Bonsai trees have been a fascination here in western society for many, many years. China started this wonderful art some 1700 years ago. The term bonsai means tree in a pot. It is a living art sculpture which combines three dimensional design and horticulture. A tree can only be considered a bonsai if it is an "idealized form of nature and the result of a creative expression."

Join in the celebration of cultural diversity. Holiday Folk Fair International showcases the heritage and culture of over 50 ethnic groups through international exhibits, food and dance performances.
